(Small) Apple Cobbler

Peel & Slice about 7 sm. apples.
- Mix together:
  1½ cup Bisquick
  1 Heaping TBL. of Shortening
- Then: Dribble Cold water into flour mix and form a firm ball.
- On a table: Sprinkle out flour, wad dough into flour, and roll out into shape of pan.
- Mix together:
  ¼ cup sugar
  1½ heaping tsp. flour.
- Sprinkle in bottom of pan, (over→)

Sprinkle nutmeg over sugar & flour.

- Put in apples over mixture.
- Add a lot of nutmeg (cover good) over apples. Also cut up about 1/3 cube of butter over apples. Then sprinkle 1/2 cup sugar over all.
- Add water almost to top of apples, not quite to top but almost.
- Put dough on top and then punch holes with knife on top. (Make a design). (cont.)

Sprinkle a little sugar over the top of dough. Put in pre-heated oven 350° and bake for about an hour until brown & apples are tender.

- If browning too fast, turn heat down to 300°.
- Turn around in oven occasionally.

DON'T add nutmeg with peach or cherry.
