Coca Cola Cake

~~375°~~ 350° 350°
30-35 min

2+2 TBL
2 cups unsifted flour - 2 TBL. increase (1/2 TBL. per cup decrease) (mix) (1 1/2 X C.)
2 cups sugar
2 sticks margarine
2 Tbl. cocoa (3 TBL X) (heat)
1 cup coca. cola (10 oz.)
1/2 cup buttermilk (add 1 Tbl. of vinegar or lemon juice to regular milk) ← less than 1/2 cup 1/4 in from top
2+1 eggs - 1 egg extra
1 tsp. soda don't decrease (add)
1 tsp. vanilla 1 1/2 cups miniature marshmellow

Combine sugar & flour + soda in mixing bowl.

Heat butter, cocoa & coke to boiling point and pour over flour and sugar + soda mixture.

Add butter, milk, ~~soda~~, eggs, vanilla & marshmellows. w/ sugar & flour

Mix well & pour into a large oblong pan (9 x 13.) ~~no need to flour pan~~

Bake at ~~375°~~ 350° for 30 (35") minutes. longer (over)

Cake mix may look a little thin & marshmellows will float on top, but don't worry it will all mix in together O.K.

* Adjustment — grease & flour pan

- 1 oz. cake instead of 8 oz. (1 cup)
- 3 Tbl. cocoa
- 1 1/2 c. sugar instead of 2 c.

30-35 min. 350°

Icing (for coke cake)

For best results, make icing right after you've taken cake from oven + allowed to cool slightly, (not completely.)

1/2 cup margarine = (one stick)
2 Tbl. cocoa 3 Tbl.
6 Tbl. coke 2 oz. } (heat)
1 box powdered sugar 2 c (mix)
1 cup chopped nuts (wal. or pecans)

(OPTIONAL: may use coconut in place of nuts.)

Adjustment

10 oz. Coke (instead of 8 oz.)

3 Tbl. cocoa (instead of 2 T.)

1½ C. sugar (instead of 2 C.)

350° - 30 - 35 min.

Icing (cont.)

Combine butter, cocoa & coke. Heat to boiling point. Pour over powdered sugar. Add nuts. Pour over cake while icing is still warm.

NOTE: If icing is a little stiff, add a little more coke. If too thin add more powdered sugar.
