

Recipe for:

High Altitude Pound Cake

*3 c. cake flour

1 $\frac{3}{4}$ c. sugar

1 tspn. baking powder

1 $\frac{1}{2}$ tspn. salt

$\frac{3}{4}$ c. shortening

4 eggs + enough milk to make 1 c.

$\frac{3}{4}$ c. milk

1 $\frac{1}{2}$ tspn. vanilla or rum flavoring or 3 Tblsp.
extract of lemon

*If you don't have cake flour, use ^{one cup} regular flour
minus 2 Tblsp. ~~for each cup~~.

Place sifted dry ingredients in large mixing bowl, then add shortening. Put 4 eggs in measuring cup & fill with milk. Pour into dry ingredients. Beat on medium speed 3 minutes, or →

From the kitchen of: Linger

Serves: _____

300 strokes by hand. Keep sides of bowl clean with scraper.

Pour in $\frac{3}{4}$ c. milk & flavoring & beat for 2 minutes, or 200 strokes. Pour into 10" tube pan, which has been greased & floured. Cool completely in pan before removing.

Note: If cake becomes stale before using, it can be sliced & toasted on broiler.

Bake $1\frac{1}{4}$ hrs. at 350° F.
