

Meringue shell

2 egg whites

$\frac{1}{8}$ tsp salt

$\frac{1}{4}$ tsp cornstarch

$\frac{1}{4}$ tsp vanilla

$\frac{1}{2}$ C. Karo - (red label)

Place egg whites in mixing bowl - add salt, vanilla and cornstarch.

Beat with rotary beater until they begin to hold shape. Add karo, 1 tbsp at a time, beating thoroughly after each addition. Should be glossy & stiff enough to stand ~~alone~~ ^{in peaks}. Place heavy ungreased paper on a baking

sheet, shape meringues in shells.

Bake in slow oven (250°), hr. or
until dry & faintly browned. Remove from
oven - let cool 5 m. & remove from paper
with sharp knife. Cool - thoroughly.
