Recipe for: Apple Pie

(Preheat oven to 425°)

recipe for a 9" double-crust pie

½ c. unsalted butter
3 tbsp. flour
¼ c. water
½ c. white sugar
½ c packed brown sugar
8 Granny Smith apples - peeled cored sliced

1) melt butter in saucepan. Stir in flour to make a paste. Add water, white sugar & brown sugar and bring to a boil. Reduce temp & let simmer.

Oven Temp: 425° Time: 1 hr. Serves:

2. Place bottom crust in pie pan. Fill with apples — mound slightly. Cover with lattice top crust.

3. Gently pour sugar mixture over crust. (Pour slowly so it doesn't run out)

4. Bake 15 min. Reduce oven temp. to 350°F. Continue baking 35-45 min. until apples are tender.
