

Maine Hunter's Stew

Use large heavy pot with tight fitting lid. Slice everything thin. Salt & pepper each layer as you go. Line bottom of pan with sliced bacon. Spread 1 1/2 - 2 lbs. lean hamburger over bacon. Heat until you smell bacon cooking well. Start adding layers. 1st - onions, then ~~etc~~ celery, carrots, potatoes, sliced tomatoes, celery leaves. Cover tightly & simmer long

Time, until juice bubbles & potatoes
are done. Much Tastier cooked
day ahead & reheated. Cut
in wedges like pie, making sure
to go to bottom so that you
get some of each layer.
