Fruit Pizza

Aired: 3-21-94

Make crust from sugar cookie dough baked until edges start to brown. Prick to keep flat while baking. Bake on 12" pizza pan ~~may~~ be sure to build up an edge.

16 oz. softened cream cheese

1 C. sugar

1 t. X-tra Touch clear Vanilla

Assorted, sliced fruit attractively

arranged, such as kiwi, strawberries,
mandarin oranges, bananas, peaches,
pineapple, green grapes.

Blend cream cheese, sugar & vanilla
until smooth. Spread on cooled
crust. Arrange fruit. Brush w/
lemon juice to keep from turning dark.
You can thicken the juice from canned
pineapple w/ corn starch ~~and~~ use this as
a glaze over the fruit in place of lemon
juice.
